06<sup>th</sup> March 2018

Dear Parents/Carers,

Over the coming months, before your child moves to High School, they will be having their puberty and sex education workshops. This will begin with a puberty workshop led by the School Nurse on March 19<sup>th</sup>. The nurse will talk to the boys and girls together; and separately after; in order to answer any questions the children may have.

The following areas will be covered:

- The main emotional and physical changes which occur during puberty;
- The process of menstruation;

The sex and relationships workshops that will take place after this will not happen until the Summer term. Before then, you will be given an opportunity to come into school to hear more about what will be taught.

During the workshops, the children are encouraged to ask age-appropriate questions in order to ensure they have an accurate understanding of what has been covered. If any questions require more detailed answers that do not fall within our scheme of work, we will ask them to discuss this with you and will contact you to tell you so.

If you would like to further discuss the content of the lessons, or would like to see the materials that we use in order to teach the above objectives, please contact us.

You have the right to decide if your child should be a part of sex and relationships education at school but we would advise that they are, in order to prepare them properly for future life. Please contact us as quickly as possible if you decide you would like to exercise the right to remove your child and Miss Law will arrange a meeting with you to discuss this.

Kind Regards,

Miss K Law  
Headteacher
