We are really proud of everything our pupils achieved – particularly persevering to reach the new, higher standard expected. Below are ways that you can compare our performance with National performance of all schools:

Attainment

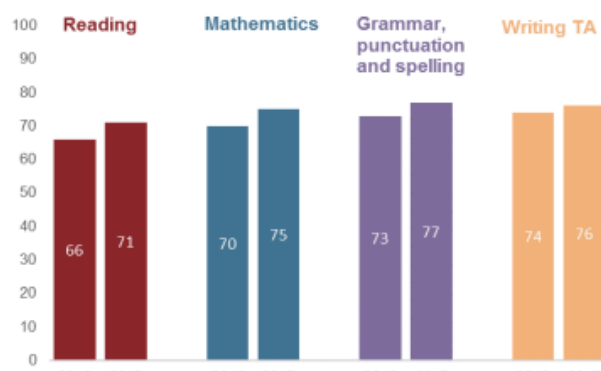

The graph below demonstrates Nationally, what percentage of pupils achieved the Expected Standard across the country. Below it, is the school’s attainment. To meet Attainment Floor Standards, school had to surpass 65% in each subject. This means we met ‘Floor’ in every subject area and exceeded National standards.

Attainment in reading, writing and mathematics has increased ...

61% of pupils reached the expected standard in reading, writing and mathematics in 2017 compared to 53% in 2016. To reach the expected standard in all of reading, writing and mathematics, a pupil must achieve a scaled score¹ of 100 or more in reading and mathematics tests and a teacher assessment outcome of ‘reaching the expected standard’ or ‘working at a greater depth’ in writing.

... a pattern which is reflected in the individual subject results

Percentage reaching the expected standard by subject (all schools²)

Attainment at the expected standard in the reading test increased from 2016 by 5 percentage points to 71%. In mathematics, the proportion of pupils reaching the expected standard is 75%, up by 5 percentage points

Attainment at the expected standard in grammar, punctuation and spelling (GPS) is 77% compared to 73% in 2016. Attainment in GPS is the highest of all test subjects.

The proportion reaching the expected standard in the writing teacher assessment (TA) is 76% compared to 74% in 2016.
